

Capture (Sgt. Dunn Novels) (Volume 5)

Following the events in *Saving Paris*, U. S. Army Ranger Sgt. Tom Dunn and his squad are still assigned to General George S. Patton's Third Army as it continues to roar across France in pursuit of the German Army. In the fifth book in the series, Dunn crosses the Meuse River, and fights his way toward the Moselle River, only thirty miles from the German border, and the last natural barrier in France. Meanwhile, in the middle of the night, Sgt. Malcolm Saunders and his squad of British Commandos parachute into Belgium in advance of General Bernard Montgomery's Army to disrupt and intercept German General Karl von Rundstedt's radio messages. Desperate to stop the American advance, the German Army puts up fierce resistance at the Moselle River, endangering the crossing and Patton's advance. Suddenly, Dunn is thrust into a new role. Outnumbered by the Germans, can Dunn adapt to the changing battlefield events and overcome the odds to win the day? Blending historical events with fiction, Munsterman's gripping WWII action thriller, *Capture*, takes us deep inside life and death for soldiers on both sides of the front lines.
