

## The Dunwich Horror (Penguin Modern Classics)

Deadly forces are about to be awakened In the degenerate, unliked backwater of Dunwich, Wilbur Whately, a most unusual child, is born. Of unnatural parentage, he grows at an uncanny pace to an unsettling height, but the boys arrival simply precedes that of a true horror: one of the Old Ones, that forces the people of the town to hole up by night, fearful for their lives, by day able only to trace the wreckage wrought by the gigantic, unseen monster. In this and other tales of the macabre, H. P. Lovecraft weaves unearthly fantasies of creatures beyond conception existing between the spaces of the dimensions we know.
