

The Trial

It's fascinating to see the divergent reviews that this book generates; for my part, I couldn't put it down. The book creates a world and atmosphere in which you become completely engrossed - it is a disturbing place to be. The story follows Joseph K while he is on trial by a seemingly arbitrary court system. What starts out feeling like a cautionary tale about misplaced and abused power quickly gets stranger and morphs into a story of a deeper and more personal trial. Before long, you notice that K is the one who seems to be doing the work of trying himself. I was left thinking for a long time about the meaning behind the story and a lot of its symbols and components - I don't consider the fact that I still had questions to be a bad thing. On the contrary, this one left me feeling strangely energized. (Amazon customer)

The Trial [Franz Kafka] on . *FREE* shipping on qualifying offers. The story of The Trial's publication is almost as fascinating as the novel itself. The Trial is a novel written by Franz Kafka between 1917 and 1925 and published posthumously in 1925. One of his best-known works, it tells the story of Josef K.
